

## seating

### COR

Originally designed in 1976, Reinhold Adolf and Hans-Jürgen Schröpfer's reissued **Sinus** chair offers comfort and support, together with contemporary design. Like everything else produced by this 50-year-old German firm, it's a happy merger of style and supreme functionality. 1106 Burning Tree Drive, Chapel Hill, NC 27517; 919-260-8585; cor.de. **circle 365**

### Intoto

An unbroken form takes two curves and becomes an object of interest no matter how you look at it, making designer Joe Doucet's **Halo** stool appropriate for cafés and galleries alike. Super-durable polycarbonate keeps its shape and supports the sitter. Currently available only in white, but expect other colors soon. 15 Park Row, Suite 26E, New York, NY 10038; 917-671-7923; intotony.com. **circle 360**

### In House

Function meets gorgeous design in the sculptural **Bench with Circle**. There is an attached table for magazines, espressos, maybe even your laptop. It's upholstered in Ultra-leather in several colorways and stands 17 inches tall. 7924 West Third Street, Los Angeles, CA 90048; 323-655-2116; inhousefurniture.com. **circle 364**

### Nemschoff

Intended for the health care market, this refined style could well find use in residential and dorm settings. An easy-to-use alternative to the pull-out sofa bed, **SleepOver Flop** features back cushions that fold onto the seat to make a flat, 79-inch sleep surface, finished on either end by the armrests. Other pluses: maple-frame construction, optional removable covers, attached cushions. 909 N. Eighth Street, Sheboygan, WI 53081; 800-203-8916; nemschoff.com. **circle 361**

### Messier Designers

The **Gamba** chair is finished with a protective gloss that allows indoor-outdoor use. Seat and back construction provide maximum comfort and alignment in ultra-durable fiberglass. 5550 Fullum Street, Suite 312, Montreal, Canada H2G 2H4; 514-495-4484; messierdesigners.com. **circle 363**

### ICF

Over seventy years old and still feeling contemporary, Hans Luckhardt's 1931 **S36** multipurpose chair boasts a tubular steel frame and a wood seat and back that seem to float above the ground in a feat of balance and tension. Available in a variety of bright colors and neutral wood finishes. 607 Norwich Avenue, Taltville, CT 06380; 800-237-1625; icfgroup.com. **circle 362**
